

INDIAN LEGAL DATASET AUDIT REPORT

Enterprise Portal Verification & Analytics Summary

Report Date: 23 August, 2026

Author: Indian Legal Research Portal Team

Status: Official Release

Classification: Confidential / Government Data Team Standard

Executive Summary

This comprehensive dataset audit report compiles findings from the **Legal Dataset Research Portal**. The portal facilitates the mapping, collection, and verification of authoritative Indian legal sources, statutes, rules, and court judgments. By applying robust metadata checklists, deduplication analysis, and quality rules, the system ensures high integrity and completeness for downstream language model training and legal analysis tools.

Key Portal Statistics

Metric	Count	Description
Total Sources Mapped	4	Unique government databases and repositories cataloged.
Total Documents Collected	6	PDF files successfully compiled and indexed.
Verified (Fully Audited)	4	Documents passing all quality verification tests.
Needs Review	1	Documents waiting for manual review or missing checks.
Duplicates Identified	1	Deduplicated document warnings needing resolution.

1. Source List Deliverable

The following list represents all mapped legal source registries monitored by researchers.

Website Name	Authority	Category	Type	Website URL
India Code Portal	Legislative Department, Ministry of Law & Justice	Acts	Official	https://www.indiacode.nic.in
Gazette of India	Department of Publication, Ministry of Housing & Urban Affairs	Rules	Official	https://egazette.gov.in
Supreme Court e-Courts Portal	Supreme Court of India	Judgments	Official	https://main.sci.gov.in
Delhi High Court Registry	Delhi High Court	Metadata	Official	https://delhihighcourt.nic.in

2. Mapped Legal Documents

Code	Title	Category	Year	Status
DOC-ACT-001	The Constitution of India, 1950	Acts / Statutes	1950	Verified
DOC-ACT-002	The Information Technology Act, 2000	Acts / Statutes	2000	Verified
DOC-REG-001	IT (Procedure and Safeguards for Interception) Rules, 2009	Rules & Regulations	2009	Needs Review
DOC-JUD-001	Kesavananda Bharati v. State of Kerala	Court Judgments	1973	Verified
DOC-JUD-002	A.K. Gopalan v. State of Madras	Court Judgments	1950	Verified
DOC-DUP-001	The Information Technology Act, 2000 (Copy)	Acts / Statutes	2000	Duplicate

3. Quality Verification & Duplicates

Doc Code	Official Source	Readable	Complete	Metadata Correct	Verification Status
DOC-ACT-001	Yes	Yes	Yes	Yes	Verified
DOC-ACT-002	Yes	Yes	Yes	Yes	Verified
DOC-REG-001	Yes	Yes	No	Yes	Needs Review
DOC-JUD-001	Yes	Yes	Yes	Yes	Verified
DOC-JUD-002	Yes	Yes	Yes	Yes	Verified
DOC-DUP-001	Yes	Yes	Yes	Yes	Duplicate

Flagged Duplicate Documents

File Name	Reason	Decision Action	Resolution
sample_it_act_2000.pdf	Matches existing document 'The Information Technology Act, 2000' (ID: DOC-ACT-002) by title and filename	Needs Review	Pending

4. Findings & Recommendations

Key Findings:

1. **Quality Verification Status:** A total of 6 documents are currently indexed. Of these, 4 documents have been fully verified. 1 documents are flagged as 'Needs Review' due to incomplete metadata or pending readable PDF

reviews.

2. **Deduplication:** The database duplicate detection rules identified 1 potential conflicts where files matched existing indexes. Manual decisions are pending or resolved via the 'Duplicates Management' panel.

3. **Source Integrity:** All mapped sources represent authoritative Government URLs, avoiding data hallucination or untracked file downloads.

Recommendations for Legal Dataset Teams:

- **Run OCR Pipelines:** Schedule background OCR verification pipelines for older PDF documents that fail the 'Readable PDF' verification check.

- **Metadata Quality Audits:** Mandate double-verifier approval steps for highly critical judgments before feeding into training models.

- **Sync with Cloud Storage:** As the dataset grows beyond local folders, implement automated AWS S3 or Google Cloud Storage synchronization protocols.
